It looked for a while during the rise in the river that the ice piers would be entirely submerged, but it would take a 39-foot rise to cover the farthest pier. From this we were in no danger of having them covered from sight. It takes 45 feet to cover the pier nearest land.

A BAD ACCIDENT

Steamer Greenwood Loses Wheel in a Jam of Sawlogs

The steamer Greenwood, which has been running in the Maysville-Cincinnati trade for some time, met with an accident Wednesday afternoon that came near wrecking the boat.

She was attempting to make a landing at Higginsport, O., about 2 o'clock in the afternoon, and at that time the wind was blowing almost a gale, forcing the large amount of drift and sawlogs that were running in the river to the Ohio side.

The boat, while pushing her way through the jam, tore her wheel off, rendering her helpless and at the mercy of the wind and waves.

Fortunately the crew succeeded in landing the boat before any further damage resulted.

There were several passengers aboard, who became considerably worked up before a safe landing was made.

There was a large quantity of live stock and miscellaneous freight for Cincinnati aboard.

It will take several days to make the necessary repairs in order to get her back into commission.

The repairs are being made at the Levanna shipyards.

SUTTON STREET FIRE

List of Losses and After News Items Gleaned

About 11:45 o'clock yesterday morning, the crumbling walls of the Ryder building fell, and the smouldering embers were soon in a blaze thereafter, an alarm was turned in, and Larry Langefels, ever heroic and gallant, was first to grab the hose and spray the flames.

Again at 1:30 this morning the alarm was sounded and it proved to be the same old blaze starting afresh. The fire department responded promptly and soon had the flames completely extinguished.

Below is a revised list of losses by fire and water, with insurance:

W. H. Ryder, insurance on building, \$1,500; on stock and fixtures, \$4,500; loss not estimated.

James F. Sommers, insurance on building \$1,000; on stock and fixtures \$1,000; loss not estimated.

People's Grocery, insurance on building, \$1,500, carried by Colored Oddfellows; on stock and fixtures, \$1,200.

Y. M. C. A. had a glass window broken.

E. G. Bridges, Cigar Box Factory carried \$600 insurance on stock; loss estimated at \$200.

Ed. Richeson's grocery damaged about \$30 by water.

Caproni Bros., fruit dealers same amount by water.

The fire now seems to have been of incendiary origin and a thorough investigation is being made.

W. H. Ryder will shortly re-open his store at Nesbitt's old corner, he having a large stock in shipment which will arrive here tomorrow or next day.

The fire walls around the Y. M. C. A. building no doubt saved that section in Second street from being entirely consumed.

BURLEY TOBACCO GROWERS

A Meeting Held in Courthouse to Organize for Mutual Protection

Quite a large crowd of Mason county citizens were at the Courthouse yesterday afternoon at 2 o'clock to hear Mr. H. B. Sherman, National Organizer of the American Society of Equity.

Mr. Sherman was introduced to the audience by Mr. W. S. Osborne in a few appropriate remarks.

In a brief, interesting and pithy speech Mr. Sherman outlined the policies and intentions of the Society by stating what had been accomplished in the past elsewhere and what was desired here in the White Burley Tobacco District.

He stated that the objects were to protect the farmers, and see that he gets a profitable price for his products.

The Society is National in its scope and has Societies in every state in the Union, with a total membership of between 300,000 and 400,000.

Kentucky is well organized South of Louisville and has already reaped the fruits of organization.

At a convention of the Societies held in Winchester about three weeks ago it was decided to send out an organizer for every county in the White Burley District.

They have now 40 organizers in the field.

Mason county has twelve Societies, and yesterday they formed a County Society, electing the following officers:

President—Dr. J. A. Reed, Maysville.
Vice-President—S. A. Shanklin, Helena.
Secretary—S. M. Blatterman, Mayslick.
Treasurer—T. L. Holton, Maysville.
Executive Committee—W. S. Osborne, Tuckahoe; J. N. Kehoe, Maysville, and J. S. Asbury, Dover.

The Society fixes prices for all farm products, and expects to enter into a lively campaign in their own interest by January, when they will demand 15 cents per pound for the lowest grade of tobacco grown in the White Burley District.

Cartmell extracts teeth without pain.

The K. of P. Lodge at Dover is preparing to give a ball during the Christmas holidays for the benefit of the Order.

Mr. James A. Wallace, represents the Fridman Lumber Co. Parties catching logs branded G, Gs, Gm, S, Frid, SW, KW, DOW, are asked to notify him at once. He will pay charges.

Let Mitchell, Finch & Co.'s Bank help you save some money. See them about it.

The little daughters of Mr. and Mrs. Dan Lloyd of the county have about recovered from their recent attack of scarletina.

Editorial Epigrams.

MARTINSVILLE, IND., November 22d, 1906.

Time from which the memory of the average American workman runneth not to the contrary, California, and particularly the city of San Francisco, has had a Labor school of ethics peculiarly its own. It was here, through the efforts of one Dennis Kearney, a blather-skite of purest ray serene, that the anti-Chinese crusade began, the numerous sandlots of that city being the forum of this "agitator" and his quickly-growing army of agitators. The chief opposition to the Chinese was due not so much to the fact that they would work for lower wages, as it was to the fact that they would work at all; for your average sand-lotter was religiously opposed to all forms of labor—except with the mouth. This statement is borne out somewhat by the fact that San Francisco has an "inner circle" of Laborites, and that even an American workman, although he belongs to the Union in New England or any of the Central or Middle States, is *persona non grata* in San Francisco unless he wears the tag of that city's Labor Autocrats.

I am moved to indulge these "incongruous remarks" by reason of recent developments in that unique city. A year or so since the Labor Unionists put out a candidate for Mayor. His name was Schmitz and he wore the full-sized, blown-in-the-bottle Union Label. He was, so his sponsors averred, the only real simon-pure article of honesty that had ever been uncorked on the Pacific Slope; and he was elected over a man whose shoes he wasn't fit to shine. Last summer this model Mayor went on a jaunt to Europe; and when he walked down the gang-plank on his return a few days ago he was met by a bevy

of Sheriffs armed with warrants for his arrest on numerous charges of blackmail!

Whereupon Mr. Gompers, President of the American Federation of Labor, proceeded to say that he was "shocked!" But he ought not to have been; for Schmitz was only carrying out the rule of the Walking Delegate that is fostered by the Gompers organization. Besides, Schmitz was as poor as Job's turkey, and how could he "do" Europe without "doing" the dive-keepers in San Francisco?

It may be news to some of the youngsters, but it was this same San Francisco that set herself up against Uncle Sam's "Greenbacks" during the War, demanding Gold from every luckless Easterner who happened within her gates. And yet, when she was justly punished by earthquake and flame for a small part of her wickedness, she did not hesitate to accept the millions upon millions of money contributed for relief—and her gentlemanly Grafters even stole about 10% of that!

In the light of these conditions, it looks like the Japanese children are exceedingly fortunate in being excluded from the Public Schools in California, for evil associates undoubtedly fracture one's morals. I congratulate Nippon!

I notice an unusual spasm of protest over the President's order dismissing in disgrace a battalion of Negro troops—I'll not insult the term soldier. Some of these Negroes got on a hurrah, shot up a Texas town, killed at least one, and wounded several other innocent citizens. Their duty in the town was to enforce peace, not to create riot. But, try how hard they might, the military authorities were unable to discover the guilty ones, the entire battalion to which they belonged refusing absolutely to "peach." As a last resort, the President ordered the whole shooting match dismissed from the service in disgrace, and even that drastic action cannot wipe out the disgrace they brought upon the uniform they wore. Roosevelt is right. As President, he insists that every citizen shall respect every man who wears the colors of his country; and as Commander-in-Chief of the Army and Navy, he has the undoubted right to demand that every soldier and sailor shall so conduct himself as to deserve the respect and confidence of every citizen. His summary action in this case, I admit, is not warranted by red-tape Army Regulations; but the extraordinary offense required extraordinary treatment—and got it.

I wonder if there would have been such a hullabaloo if these had been white soldiers?

It would be better, perhaps, if JOHNNIE ROCKEFELLER'S and HENRY HAVEMEYER'S millions of income were divided among a hundred or two persons, even if the poor widow did have to pay a few cents more for a gallon of coal-oil or a pound of sugar.

STOP, WOMAN!

AND CONSIDER THE ALL-IMPORTANT FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman—a woman whose experience with women's diseases covers a great many years. Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, she has been advising sick women free of charge.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation. Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman; thus has been established the eternal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write Mrs. Pinkham, Lynn, Mass., for special advice. When a medicine has been successful in restoring to health so many women, you cannot well say, without trying it, "I do not believe it will help me."

COMPARISON OF RETURNS
Democratic Primary Did Not Affect Congressional Races

As some complaint is being made by the friends of the Democratic candidates for Congress in the Third, the Ninth and Tenth Districts, who were defeated in the election of November 6th, last, that their defeat was in the main due to the fact that the state primary election was held on the same day, some figures which have been compiled from official returns from both primary and Congressional elections will be of interest to them and to the voters of the Districts mentioned.

These figures, which were compiled by Judge Henry B. Hines, show that in the Ninth District the total vote cast for J. N. Kehoe, the Democratic nominee, was 17,314, while but 15,253 Democrats cast their votes for the candidates for United States Senator, a difference in favor of Mr. Kehoe of 2,061 votes.

The vote received by the Democratic candidates in the District, together with the total combined vote of Beckham and McCreary in the counties of the District, is herewith given.

Mrs. James Best of Fernald is visiting her mother, Mrs. James Costello, of Casto street.

Mrs. W. H. Means is entertaining her mother, Mrs. Wall, and daughter, of Flemingsburg, at her home.

Dr. R. M. Skinner of Flemingsburg spent a couple of days with his father, R. M. Skinner, of the Sixth Ward.

Mrs. Will Tammie of Hustonville is the guest of her sister, Mrs. James Redmond of West Second street.

Miss Margaret Brown and Miss Nellie Haffey have returned from a pleasant trip to Cincinnati, visiting friends.

Chief of Police Harry Ort returned last evening from a hunting trip in Fleming county. He reports having had fine sport.

Mrs. E. L. Hill was called home from Louisville, where she had been visiting friends and relatives, by the illness of her daughter, Mrs. Harry Burke, who has been ill for some time.

J. H. Darnall, a former resident of Fleming county, died at Kenova, W. Va., Tuesday of paralysis of the brain. He was aged about 45 years, and leaves two daughters, Misses Mabel and Ruth, aged 17 and 15 years, respectively, to mourn his loss. The remains passed through Maysville this morning en route to Ewing, where the funeral will be held, with interment in the family burying-ground tomorrow. Mrs. Darnall, widow of the deceased, and Mr. A. H. McCormick, brother-in-law, left with the remains over the L. and N. this morning.

I have some good Bourbon and Nicholas county farms for sale.

JOHN DULEY.

Rev. E. H. Albrecht from Augusta will preach next Sunday at 10:30 a. m. in the German Lutheran Church in the German language. All cordially invited.

MISS ANNA DAY

In "When Knighthood Was in Flower" a Success

It is not often that Maysville people have the pleasure of witnessing such a performance as was given at the Washington Theater last evening. Those who were there and saw "When Knighthood Was in Flower," almost unanimously pronounce Miss Day and her supporting company a success, the curtain calls being two and three after each act.

The audience was a representative one, and the house was pretty well filled, though it deserved better.

Just a few words about Miss Day's acting. She is good, and belongs in the class with Maude Adams, Julia Marlowe, etc. Her strongest acting is in the second act, where she has an opportunity to display her histrionic ability and acquits herself most creditably.

Her support, Mr. Alfred Swenson, is all that could be asked for in a hero. Mr. Ogden Stevens, as Henry VIII. of England, was exceptionally good and kept the audience in good humor.

Others who acquitted themselves creditably were: Edward Dillon, as Sir Edwin Casakoden; Eloise Elliston, as Lady Jane Bolingbroke and John Alexander, as Duke of Buckingham.

The company is strong, the scenery new and refreshing to the eye, and everything has that air of elegance and refinement that goes to make up a splendid performance as that furnished the patrons last night.

Miss Day made a hit in Maysville and need not fear to return again; a crowded house will await her and her company.

Messrs. Hubbard and Howard furnished music.

"The Girl in the Streets" will appear tonight at the theater.

RUNNING SORES COVERED LIMBS

Little Girl's Obstinate Case of Eczema—Instantaneous Relief By Cuticura—Little Boy's Hands and Arms Also Were a Mass of Torturing Sores—Grateful Mother Says:

"CUTICURA REMEDIES A HOUSEHOLD STANDBY"

"In reply to your letter I write you my experience, and you are privileged to use it as you see fit. Last year, after having my little girl treated by a very prominent physician for an obstinate case of eczema, I resorted to the Cuticura Remedies, and was so well pleased with the almost instantaneous relief afforded that we discarded the physician's prescription and relied entirely on the Cuticura Soap, Cuticura Ointment, and Cuticura Pills. When we commenced with the Cuticura Remedies her feet and limbs were covered with running sores. In about six weeks we had her completely well, and there has been no recurrence of the trouble. "In July of this year a little boy in our family poisoned his hands and arms with poison oak, and in twenty-four hours his hands and arms were a mass of torturing sores. We used only the Cuticura Remedies, washing his hands and arms with the Cuticura Soap, and anointed them with the Cuticura Ointment, and then gave him the Cuticura Resolvent. In about three weeks his hands and arms healed up; so we have lots of cause for feeling grateful for the Cuticura Remedies. We find that the Cuticura Remedies are a valuable household standby, living as we do twelve miles from a doctor, and where it costs from twenty to twenty-five dollars to come up on the mountain. Respectfully, Mrs. Lizzie Vincent Thomas, Fairmount, Walden's Ridge, Tenn., Oct. 13, 1905." Complete External and Internal Treatment for Every Humor, from Pimples to Scrofula, from Infancy to Age, consisting of Cuticura Soap, 25c, Ointment, 50c., Resolvent, 50c. (in form of Chocolate Coated Pills, 25c. per vial of 50), may be had of all druggists. A single set often cures the most distressing cases when all else fails. Potter Drug & Chem. Corp., Sole Props., Boston, Mass. "Mailed Free." "How to Cure Torturing, Disfiguring Humors," and "The Great Skin Book."

FEARIS.

The dust is mud now.
Snow No. 2 fell here Wednesday.
Rev. Sneed preached here Saturday and Sun-
day.
The drizzly rain makes good season for to-
bacco stripping.
The usual Thursday night prayer-meeting is
announced at the Chapel.
The grass and wheat are growing fine, stock
looks nice, turkeys are getting fat and Thanks-
giving close at hand.
Joseph P. Fry of this place lost a valuable
horse last week by being snagged in the groin.
He was offered \$150 on several occasions for
him.
Hunting season opened here one day before
time ran out and maybe that is the reason the
enterprising merchant had game on sale for
breakfast the first hunting day.
We had a flood here Monday evening about
8 o'clock. The Eastfork was higher than it
has been since June 6th, 1903. So far no
damage only in washing the soil.
One of your Springdale correspondents is
quite a eulogist on people and nature. Well,
we always did like and admire nature and we
have tried our eulogistic hand on some people,
but when it comes to pass a proper eulogy on
nature we give it up, because we are not con-

versant with the English language sufficiently
to express our thoughts and to elucidate the
beautiful scenes of nature.

Our solemn meditation brings up the ques-
tion in a forcible way: Did we have an elec-
tion and what was the result? Is it possible
that we are now passing through a second
civilization?

Coal oil has been scarce here for a few days.
The tank from Maysville was slow in getting
around and when it came the agent failed to
fill up the tanks here. The agent wanted to
know what we would do for oil when they
knocked Rockefeller out. "Oh, we will get oil
cheaper then." "Yes," said the agent, "You
will pay 50c per gallon then." Bah!

Few melodramas of the last three seasons
have had so great a measure of success as
"Girl of the Streets," which will be seen at the
Washington tonight. The work possesses
many lasting qualities which guarantee it life
for many years. Miss Katherine Crego, who
heads the cast made a very close study of
"Kit," the girl of the streets, and for six
months before the production of the play went
to New York and lived in the slums there,
studying the life, habit, manners, characteris-
tics and slang of its habitues, and visited all
the scenes introduced in the play. Great care
was taken in giving the necessary atmosphere,
and the production is a complete one. There
is considerable of the comedy element all the
way through the piece and it also abounds with
numerous specialties.

MEN'S BANQUET

To Be Held Tonight Even if There
Will Be No Birds

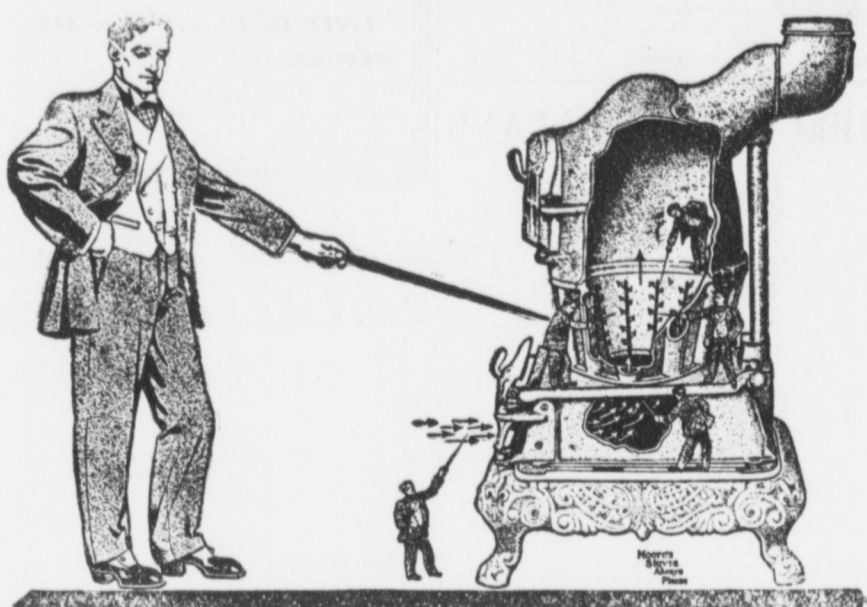

The Men's Club of the Christian Church will
hold their social and banquet tonight.

The management is a little disappointed in
that they fully expected to have birds-on-toast,
after the hunt of Parson Cave and Deacon
Parker.

The extreme hot weather of the first of the
week—they could not preserve the birds—and
the bursting of the Parson's gun, caused by be-
ing too heavily loaded with dynamite, cut down
the supply.

However, the Parson states that he has a
direct importation of the finest Norfolk (Va.)
oysters from a personal friend, and the banquet
will be held as catalogued, and he hopes no one
who was expecting to attend will remain away
on account of not having the birds.

CONFIRMED PROOF.

Residents of Maysville Cannot Doubt
What Has Been Twice Proved.

In gratitude for complete relief from aches
and pains of bad backs—from distressing kid-
ney ills—thousands have publicly recommended
Doan's Kidney Pills. Residents of Maysville,
who so testified years ago, now say their cures
were permanent. This testimony doubly
proves the worth of Doan's Kidney Pills to
Maysville kidney sufferers.

A. W. McClanahan, of A. W. & B. P. Mc-
Clanahan, grocers, at 121 Second street, Mays-
ville, Ky., says:

"I can indorse Doan's Kidney Pills more heart-
ily today than I did five years ago when I told the
Maysville people that this medicine had cured
me of severe kidney trouble and backache that
had bothered me more or less for twenty years
and seemed to be growing worse and worse all
the time. I repeat that I can more confidently
recommend Doan's Kidney Pills today than I
did in that testimonial because my cure has
been permanent and I have had no kidney
trouble for nearly five years. As proof that I
am a firm believer in Doan's Kidney Pills I will
be only too pleased to reiterate the above to
anyone who may inquire. I got the remedy
at J. Jas. Wood & Son's Drugstore.
